

Medina Surgery Center

Financial Assistance Program

The Medina Surgery Center recognizes the difficulty unexpected medical problems can cause to your finances. We are here to help so that patients can obtain medical benefits from federal and state programs. We want to assist you in finding resources that may help pay your surgery facility bill. In fact, every patient who does not have insurance is eligible for discounts.

Financial Help for Patients and Their Families

We provide financial assistance to uninsured and underinsured patients. This is a free service provided by The Medina Surgery Center. We are here to assist patients in obtaining medical benefits through federal, and state programs. If you cannot afford to pay for some or all of your surgery facility bill today, The Medina Surgery Center will:

- Tell you where and how you may get assistance to pay your surgery bills.
- Assist you in finding programs for which you qualify.
- Help you sign up for state programs that match your need.

Based on how much you earn, you may qualify for:

- Free care
- Discounts
- No-interest payment terms

We understand that not everyone can pay for healthcare services. We are here to offer options and assistance for those who are uninsured or underinsured and to serve as patient advocates.

Annual Federal Poverty Guidelines

If a patient does not meet the criteria for the federal assistance programs available, Medina Surgery Center will provide a discount to the patient using a sliding scale based on Federal Poverty Guidelines. Federal Poverty Guidelines go into effect each year on the date they were published in the Federal Register. Eligibility for any date of service on or after that date should be judged by the new guidelines. Dates of service prior to that date should be judged by the old guidelines. Visit <http://aspe.hhs.gov/poverty/> to view current and previous years' guidelines as published by the U.S. Department of Health and Human Services.

- We offer free care for any person who earns up to twice the Federal Poverty Guidelines.

- We offer substantially-discounted care for any person who earns up to four times the Federal Poverty Guidelines.
- We offer discounts like those we agree to with commercial payors for patients earning more than four times the Federal Poverty Guidelines.

The Medina Surgery Center treats all patients with compassion, dignity, and respect from the bedside to the billing office.

Application forms are made available during the pre-admission and registration process to facilitate early identification and initiation of the application process. If you need assistance in completing the form, have questions, or would like to speak directly with a patient representative, please call our admissions office. We are here to help. If you have questions about your ability to pay or about available programs, please call. We work with each patient to help meet individual needs and circumstances.

Our admissions team is available to answer your questions about The Medina Surgery Center Financial Assistance Program, payment arrangements, insurance coverage, Medicare and other financial inquiries.

For more information about financial assistance, please call (330) 952-0014.
