

Making an Impact on the Community

COVID-19 Response

25,000 individuals served through drive-thru vaccine clinic and Vital Vax and Go mobile unit

Access to Care

4,603 virtual visits

Nearly **\$600,000** saved for breast cancer patients through HCAP/uninsured program

Nearly **\$2.3 million** provided through free drug program for breast cancer patients

Food Insecurity

1,109 pounds of food collected during Harvest for Hunger campaign

\$13,750 provided in gas and grocery cards for breast cancer patients

Volunteer Program

85,119.97 hours of volunteer service

828 volunteers system-wide

Volunteer Time Value: **\$1,821,567.29**

Addiction Help

268 pounds of pills off the streets and properly disposed of through Prescription Take Back Days and DUMP boxes

Furthering Education

1,093 hours equaling **\$82,910** invested in time and talent in the College & Career Academies of Akron at Buchtel CLC for the 2021-2022 school year

23 residents provided virtual learning opportunities at the Mini Medical School at Buchtel Middle School

Virtual Care Simulation Lab hosted **544** students for **852** clinical learning experiences

Shrinking Our Footprint

What is ESG?

Environmental

- Pollution and Waste
- Energy Efficient
- Climate Change
- Natural Resources

Social

- Gender and Diversity Policies
- Safety and Quality Controls
- Human Rights and Labor Standards

Governance Factors

- Corporate Behavior
- Board Practices
- Accounting Practices

How Are We Helping Our Environment?

In the last 15 Years

70x

13,062.71 tons recycled (**26,125,420 pounds**—that's equivalent to about 70 Boeing 747 Jets)

Solid waste savings: **\$1,061,988.00**

Generated revenue: **\$976,860.30**

2021 Recycling Programs

- Cardboard, Paper, Shrink wrap Recycling: **503.18 tons**
- Lead acid battery: **878 units**
- Ewaste- All Electronic Items, Toners: **34.93 tons**
- Construction Demo Materials/Metals: **254.53 tons**
- Medical/Furniture Recycling and Donations: **18.25 tons**
- Pallets and Crates: **83.51 tons**
- Roll Off Metal: **164 tons**
- Co-Mingled Recycling Reworks: **39.50 tons**

889 tons (1,778,000 pounds) Diverted from Landfill

Recognition

- Summa Health System— Akron Campus ENERGY STAR certified Hospital three times (2018, 2020, 2021)
- Summa Health System— St. Thomas Campus ENERGY STAR certified Hospital eight times (2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021)
- 2 of 22 ENERGY STAR certified hospitals in Ohio

Summa Health has achieved the Melvin Creeley award four times (2017, 2018, 2019, 2021).

The Melvin Creeley Award recognizes hospitals and health systems that promote sound environmental practices through the implementation of energy efficiency programs, waste reduction strategies, recycling initiatives and other activities to preserve the health of the planet for future generations.
